

Pulmo-Aide® Compressor Nebulizer System

The Gold Standard for High Performance Medication Delivery

Pulmo-Aide Compressor
Nebulizer System
Model 5650D

The DeVilbiss Pulmo-Aide has been providing **effective aerosol treatments for more than thirty years**. Modern styling, durability and ease of use make this unit **perfect for in-home asthma treatments**. The Pulmo-Aide comes ready to use with all the attachments - filter, tubing, and nebulizer.

The **Pulmo-Aide is the only approved compressor for use with TOBI** (tobramycin solution for inhalation). The DeVilbiss Pulmo-Aide is unmatched in quality, value and performance.

Performance Features

- Maximum compressor pressure – 35 psig or greater
- Compressor free air flow – 9 lpm or greater
- 5-year limited warranty
- Longest lasting compressor on the market with an average product life of 10 years
- Unmatched quality and durability - Great for nursing homes and long-term users

Design Features

- Metal frame motor construction
- Unique 4-pole motor design extends life of the unit
- Large built-in compartment for storing nebulizers and tubing
- Built-in nebulizer holder is a convenient place to store your nebulizer if your treatment is interrupted.
