

Best Neb

Comfortable Compressor Nebulizer

The Best Neb nebulizer is a high quality aerosol compressor that is designed to appeal to consumers, both in form and function. It is especially designed to avoid resembling medical equipment in order to make therapy more agreeable. This is especially important for pediatric care, where the majority of nebulizer users are children who suffer from the effects of poor air quality. Best Neb is the best choice in form, function and user friendliness.

Best Neb

Comfortable Compressor Nebulizer

Features ▼

- Attractive appearance is less intimidating for children.
- Reusable inlet filter for simple, cost-effective maintenance.
- Anti vibration feet for stability on any stable work surface.
- Dispenses 3 cc's of medication in 10 minutes or less.

Convenient handle allows for easy portability and mobility.

Convenient storage compartment easily holds nebulizer accessories and tubing after every usage.

The clear lid keeps the contents visible for increased safety.

A hidden compartment allows the electrical cord to be stored away when not in use.
